Internet - How to

**I**nternet **K**lub

Connect you laptop with ethernet socket or switch in your room with ethernet cable. You will need to get your own switch if you live in Hliny or Veľký Diel on blocks G or H.

Register at **nms.iklub.sk**. You can only register with university e-mail address, to which we will send a confirmation e-mail. If you already have an account at nms.iklub.sk, you don´t need to register again.

Next step is adding a device at nms.iklub.sk. Choose option **"Add device"** after the first log in. This is only possible form your room and when connected to the ethernet socket you will use during the year.

You can find **Terms of use of IK network** at iklub.sk. By connecting to our network you agree with our terms of use. Any extending of our network, other then by using a switch, is strictly forbidden!

Frequently asked questions can be found at **iklub.sk/faq**. Office hours can be found at **hodiny.iklub.sk.**

Please feel free to contact us if you have any questions
