

Study Abroad in South Korea through Yeungjin Scholarship Program 2013

Industry-College cooperation project

영진전문대학
YEUNGJIN COLLEGE

“Learn at Yeungjin and get a job at global companies
(Kia Motors, Samsung Electronics, etc.)”

Yeungjin College is a widely-known and nationally-recognized prestigious college in South Korea for job placement-guarantee customized education and vocational education.

Begins in August, 2013

Study 3 semesters(one year and 6 months) at Yeungjin and acquire a degree

Employed after the program at the following companies: Kia Motors in Slovakia, Samsung Electronics in Slovakia and LG Electronics in Poland, Heesung Electronics in Poland, their affiliates.

Who can apply?

Anyone in any major including humanities and engineering (Mechanical Engineering students are preferred)

- University graduates or graduates-to-be (undergraduate students who finished at least 2nd year can still apply as well. For those undergraduates, job placement is not guaranteed because of the lack of Bachelor's degree. However, when they apply for global Korean companies mentioned above during its open recruitment after they obtain their degree, they will have advantages.)

- Sincere, positive and adaptable attitude with intercommunicative skills, respect for other culture and good personality. Willingness to explore Korean culture and desire to work in Korean global companies.

What Benefits?

Scholarship of 900,000 Korean won per month (approximately 616 Euro) *currency rate as of 2012-Oct)

Provided Job on campus as English facilitator (mandatory for scholarship)

After graduation, provided job interview without document screening and entrance exam

* Duties of students on scholarship: helping Korean students with English skills in English Zone or serving as a guide at English Village (20~30 hours per week)

Education

Practical knowledge training that is required by Korean global companies

Engineering major subjects, business major subjects, Korean language, Korean culture and work ethics

Program Presentation & Mini-interview

Korean delegates from Yeungjin College will visit universities to make a presentation about the program, Yeungjin College and conduct a mini-interview for those interested. The successful graduate and current Kia Motors employee Mr. Miroslav Petrašovič will come and share his story of study experience from Korea.

○ February 21, 2013 at 10 am at the University of Zilina, A 16 – v budove rektorátu ŽU na 1. podlaží
